

WOMEN'S MEETING TO BE CONTINUED ON NEXT MONDAY

Women Voters Will Complete Their Meeting of Last Monday at Court House Next Week.

On Monday, December 13, at 1:30 p. m. at the Court House, in the circuit court room if court is not in session, there will be a meeting of the Mason County League of Women Voters to conclude that part of the program omitted, for lack of time, on last Monday.

A fuller discussion of the recommendations of the National Committee on uniform laws, approved by the national convention in April, 1921.

A discussion of the questionnaire sent out by the Kenton county Men's Equal Rights Association.

Shall be a citizenship school? We have opportunity to have Miss Emily R. Kneubuhl of Minneapolis, an excellent public speaker, who had the honor of conducting the first school of political education ever held at Chautauqua Institution, New York, either as she goes to or returns from an engagement to conduct such a school in Tennessee.

Do our women desire such a school? Come to the meeting Monday and make known your views.

Minutes of previous meetings are to be read and approved or corrected, and cognizance must be taken of a certain clause in the constitution prior to the January meeting. We must not allow this kind of business to accumulate. It is for this reason that this meeting is called so soon after the meeting on the 12th. It is not the policy of the league to hold meetings so frequently as to crowd the time of those who wish to attend.

We need meetings at which we shall receive instruction from a speaker as on last Monday, and we need meetings at which there is time for every woman present to ask any question that may be in her mind and to express her thought on any subject under discussion. The meeting on December 13 is such a meeting.

No doubt the approaching holidays fill everyone's program full; but the meeting will begin at 1:30 sharp and close promptly at 3 o'clock.

Every woman who has signed a membership card is urged to be present and to bring as many others as she can. All women are urged to come. Men are welcome. We shall be most glad of the presence of any lawyer who has time to attend the meeting.

There will be no collection at this meeting.

Just received from New York a wonderful line of fitted bags and cases—the same grade that the best stores in Cincinnati are showing—but at a less price. No Christmas gift would be more acceptable than a fitted case or bag. Will be pleased to have you call and take a look at this unusual line. D. HECHINGER & CO. 9 Dec 14

DAMAGE SUIT AGAINST POLICEMAN IS HINTED

Young Fleming County Man Arrested and Held in Local Jail Without a Charge Being Placed Against Him

The Fleming Gazette says:

As a young man from Flemingsburg was passing through Maysville one day recently en route to another city he was approached by a Maysville policeman and placed under arrest without any cause whatever. It is said. Under protest, he was taken to jail and allowed to remain there about three days when he was released, with no charge whatever placed against him. It is claimed by some to be a case of mistaken identity, but as the officer was dismissed from service a few days later for alleged intoxication possibly that might throw some light on the mistreatment which the Flemingsburg boy was compelled to undergo at the hands of an insolent officer who refused to receive any explanation. If there is any recourse to the officer's bondsmen there may be something doing in damages for false arrest.

Mr. Kirk has been appointed as business manager of the Christian Fundamentals Association of America and will take charge of that work February first, however this does not mean that Mr. Kirk has severed his connection with Maysville Syrup Co. as his headquarters will be in Maysville and the board of directors of the Maysville Syrup Co. elected him as sales manager but it does mean that Mr. Kirk will be giving time to both concerns but will not actively handle the details of the Maysville Syrup Co.

Mr. C. N. Bolinger, who for years has been a merchant at Lewisburg and later connected with the First National Bank of this city and at present at Harlan Ky. where for some time he has been in charge of one of the largest concerns in that section, will move to Maysville and the friends of Mr. Bolinger will be pleased to know that he is returning. Maysville should be proud indeed to again have him and his accomplished wife as citizens among us.

Mrs. Bolinger has been since she has been in Harlan connected very prominently with the city schools of that city and has made a very great number of friends in Harlan.

The Maysville Syrup Co. is fortunate in being able to secure the services of Mr. Bolinger.

VIRTUE IN A SURPLUS

"If Messrs. Lenin and Trotsky and their fellow Bolsheviks in the United States would listen to reason they would find some rather convincing facts in the recent financial statement of a large corporation engaged in the manufacture of railway locomotives," declares the Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr. "According to that statement this concern 'is in strong financial position notwithstanding the large amount of credits extended during the past year. . . . Ability to weather business depression with such satisfactory results to stockholders may be attributed to the enterprise and foresight of President Vauclain who utilized his large surplus to get business on a deferred basis. . . ."

"As everybody knows, there was a great depression in various lines of manufacturing industry due to lack of orders. The lack of orders was not due to lack of demand but to lack of money. A concern that was in a position to extend credit could get orders and this was done by the locomotive company just mentioned. The company had built up a large surplus out of net earnings and, to use a common expression, kept this surplus for use 'on a rainy day.'"

"Messrs. Lenin and Trotsky and their Bolshevik friends in the United States do not believe in surpluses. They would have the Government confiscate not only the surplus but the capital itself. Many others who would not entirely confiscate the capital or all of the surplus, would, nevertheless, impose an almost confiscatory tax which would leave a corporation without surplus funds on which to extend credit during a depression."

"It will be noted that the financial statement quoted says that this credit business was done with advantage to the stockholders. It might also have said just as truthfully that it was done with advantage to wage earners. Without that surplus the concern would not have been able to extend credit; there would have been fewer orders for locomotives; construction of locomotives would have been curtailed and the workmen would have been thrown out of employment. In said of that, the locomotive works were operated on credit orders and the men received compensation at very slightly under war-time wages."

"It is pertinent to remark also in this connection, that if this locomotive organization had been operated on the Plumb Plan, with control by the workers, there would have been no surplus built up. The management selected by the workers, desirous of currying favor with the workers by making monthly incomes as large as possible, would have distributed the surplus in the form of wages or bonus. The internal politics of the management of a large concern whose managers are selected by the employees would have forced the distribution of all the profits leaving no surplus to be utilized in time of financial depression."

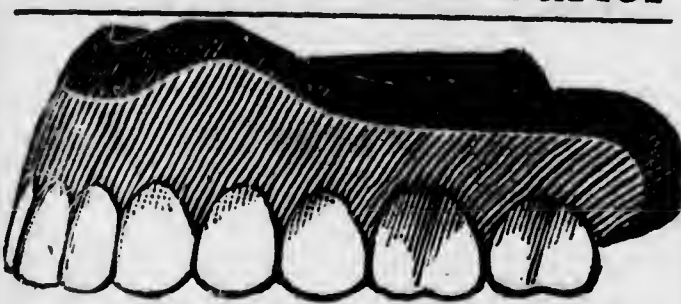

"Frequently in the past few months we have had the suggestion that industry be kept moving by 'extending credit.' But if credit is to be extended, there must be some one to put up the money to meet the monthly or weekly payroll. Money to meet a payroll when credit is to be extended can be secured only through a surplus—the surplus of the concern itself or money borrowed from some other surplus. The facts in this case out to impress the minds of all those who look upon an accumulated surplus as an evidence of criminal profiteering. There is much virtue in a surplus."

JOE AND LADDIE BOY

The Durango (Colo.) Herald recently published an interesting little editorial on the consolation which President Harding must find in private conversations with Laddie Boy, his Airdale, on the state of the Union, and remarks that while President Wilson did not have a Laddie Boy, he did have Joseph Tumulty. There are some who will believe that the counsel of silence displayed by Laddie Boy is of more value to the Chief Executive than was the advice, or, as Tumulty intimates in his biography, the instructions, given by him to Mr. Wilson.

We shall either have more battle ships or fewer. The world can take its choice. Unless there can be an agreement that will reduce the armament burden, the race for strength will continue and the expenditures for fighting material will continue to mount. The nation that does not want to decrease armaments really wants to increase.

WHAT IS COST OF WOMEN VOTERS LEAGUE

Answers in regard to the Women's League of Voters Made by One Who Knows.

The League of Women Voters has no membership fees or dues. The amount of contribution made by member is fixed for each woman by her own interest and ability. The most valuable contribution that any woman can make is her presence at the meetings. Any good word spoken for the league and its purposes is a valuable contribution. Any gift of time and work to carry out the plans of the league are valuable. Any idea or suggestion as to how the purposes of the league may best be carried out is valuable. Any gift in money from a penny up until whatever the necessary expenses of the league are, are met, is acceptable. The league will have to confine its undertakings to such as can be paid for by voluntary contributions. It is a case of cutting the garment according to the cloth. What do the women voters of Mason county want?

What are the benefits of membership?

The benefits of membership are increased intelligence in matters of government on the part of the such women as attend the meeting, and through out the community, stimulated interest in government municipal, county, state and national.

What does it cost into to belong to the league?

Often at elections a lot of candidates with small choice between them, some times none of them of sufficient merit to call on the conscientious, enthusiastic support of informed voters.

Scores, hundreds or thousands, according to the size of the community, of women who go to the polls on election day with no knowledge whatever of the wants either of the candidates or the measures to be voted on.

Between election government far below the possibilities of what government could and should be among enlightened people.

A better opportunity and a stronger call to serve well her day and generation never came to any woman than is offered by membership in the league of women voters.

The meetings are free to every citizen that can find a seat or standing room where the meetings are held.

WORK THAT TELLS

Plenty of It Has Been Done Right Here in Maysville.

To thoroughly know the virtues of a medicine you must investigate its work. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders, now give confirmed testimony—declare the results have lasted. How can any Maysville sufferer longer doubt the evidence?

Mrs. W. A. Schatzmann, 605 East Second street, Maysville, gave the following statement November 15, 1916: "From the benefit I have derived from the use of Doan's Kidney Pills I have every reason to recommend them to anyone. Whenever my kidneys have been irregular in action or I have suffered with a weakness or lameness through the small of my back I have used a box or so of Doan's and they have always proven sufficient to cure the complaint quickly."

On November 22, 1920, Mrs. Schatzmann said: "Doan's Kidney Pills certainly do all that is claimed for them. I recommend them again as I did before when I publicly endorsed them in 1916. Doan's have made a lasting cure for me."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Schatzmann had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

The number of the meetings and the programs must depend entirely upon voluntary contributions of service and money. In no event can the cost to the individual or the community approximate the value received since the local speakers are so generous as to give the time there can be no demand for much money. Interest, good will and work are the principal needs of the league. Come, take all you find and give just what you wish to give. Your presence is a gift.

WILL IS PROBATED.

In the Mason County Court Wednesday morning a paper bearing date of June 29th, 1918, and purporting to be the last will and testament of James H. Taylor, deceased, was produced. The due execution of the paper was proven by the testimony of E. C. Myall and J. G. Wadsworth and was admitted to probate. By the terms of the will the property of the deceased is left to his adopted daughter and an adopted grand-son.

For the last five years the annual average production of coal in Illinois has been 80,000 tons.

CLOGGED BLOOD WITH S THE BODY

Workers, Sick and Weak From Exertion, Take Gude's Pepto-Mangan.

Men and women who toil, either physically or mentally, use up energy. When they overwork they use up more energy, and sometimes the blood gets in a run-down condition. Without rest the blood cannot get back to normal, so that it becomes clogged with waste matter from over-exertion.

The clogged blood virtually withers the body. The strained looks on pale faces, the thin, bloodless arms, the sunken cheeks and necks, the dead-tired feeling, are the results of stale blood depriving the system of life-giving oxygen.

Workers go to the drug store and get Gude's Pepto-Mangan when they feel weak and run down. They take it in either the liquid or the tablet form. That makes the blood rich and red and drives out the poisons. Life-giving oxygen, carried by the little red cells, renews the strength and builds up the entire system. Look for the name "Gude's Pepto-Mangan" on the package. — Advertisement.

TOD SLOAN, WORLD'S MOST FAMOUS JOCKEY IN 'THE KILLER'

Tod Sloan, once the most famous jockey in the world and the most picturesque figure in racing circles, comes to the Pastime Thursday in "The Killer." Benjamin B. Hampton's pictorialization of Stewart Edward White's novel, "The Killer." Tod Sloan plays the jockey character of the story. Others in the all-star cast include Frank Campeau in the title role, with beautiful Claire Adams and manly Jack Conway in the romantic leads. This is a melodrama of a strange western personality, a genius who loves music and poetry, but whose soul cares to kill anything—birds, animals, men or women—who will not bend to his will.

T.B. DEATH RATE GREATLY REDUCED IN KENTUCKY

Kentucky Tuberculosis Association Has Been Successful in Greatly Reducing Death Rate From "White Plague."

The tuberculosis death rate in Kentucky per 100,000 population for the period 1911 to 1920 follows:

1911	229.6
1912	209.0
1913	101.9
1914	208.3
1915	198.1
1916	181.0
1917	187.5
1918	194.5
1919	161.9
1920	150.4

The remarkable results shown above are due to the efforts of the State Tuberculosis Association and affiliated societies.

Health education including prevention of disease; treatment of the sick in sanatoria and discovering incipient cases and thus being able to have the treatment begin early, are some of the activities by which the Association has helped to achieve these results.

An extract from a letter written to Director of the National Tuberculosis Association by President Harding is given below:

"My Dear Dr. Hatfield: I will be glad to have you convey to all who are interested in the prevention of tuberculosis, my earnest hope that the coming Fourteenth Annual Seal Sale may be completely successful, in order that your splendid work may be further developed. I trust that there may be a generous response to your appeal."

COLLINS CHALLENGES DE VALERA TO FIGHT.

Dublin, Dec. 14.—A bitter clash between Eamonn De Valera and Michael Collins marked the opening of the Dail Eirasa to consider the Anglo-Irish peace treaty today.

"The Irish peace delegates at London exceeded their instructions," De Valera charged.

Collins, leader of the Sinn Fein army and a signer of the peace pact, leaped to his feet and cried: "Some men call me traitor! I will meet them any time, anywhere, now as in the past!"

The Dail decided to hold a public session tomorrow to discuss the treaty openly. It was agreed to hold a preliminary secret meeting today.
